Project Enza

Dear all

RE: LETTER OF APPRECIATION- PROJECT ENZA, MANDELA DAY

On behalf of tourism learners and educators of Mcothoyi and Mnganiwakhe High Schools I would like to express our sincere gratitude to you for making our schools part of Project Enza, Mandela Day at the ICC on the 18th of July 2014.

It was for the first time that these learners were exposed to the real world of tourism in this fashion. They have learnt a lot and this has helped a number of them in making a choice of pursuing careers in the tourism industry.

Umgababa may be a coastal area but it is still a rural area in every aspect and we are always looking at the ways of making tourism more practical and more meaningful to the learners and this day was just perfect.

We hope that you will consider us again in your future tourism projects and activities.

Regards

Sbongile Nzama
Tourism Educator (Mcothoyi High School)
